

Introducing Ideal Health IT

Predictable success in an unpredictable world.

Ideal Health IT, Inc. is the US affiliate of Ideal Training Services Ltd. – the UK's leading healthcare-specific consultancy. Building on our strength and reputation in the UK, Ideal Health IT brings extensive experience and a unique perspective to our US clients. We offer a portfolio of consulting, staffing and training services designed to help healthcare organizations successfully adopt clinical health IT. **Reduce risk. Deliver results. Choose Ideal Health IT.**

Health IT Consulting, Staffing & Training Services

Ideal Health IT provides consulting services, staffing services and training services to meet the needs of healthcare organizations. We can help your organization through these key services:

- Executive level clinical technology planning and consulting
- Healthcare system selection, implementation and optimization
- Enterprise integration and interoperability
- Enterprise clinical and operational change management
- Workflow analysis, design and reengineering
- Meaningful Use readiness programs
- Mentoring and go-live programs
- Transformation and operational staff augmentation
- Complete training program development and delivery

Our health IT services are based on proven program delivery and service delivery methodology. With verifiable, repeatable best practices, we can reduce your risk associated with clinical implementations. When failure is not a choice, you can count on Ideal Health IT.

We create complete clinical informatics certification programs.
